1. What is the Equality and Diversity Plan?

This Equality and Diversity Plan brings together the school's approach for promoting equality in our policies and procedures and, most importantly, in our day-to-day practices and interactions with the whole school community. It is a policy and action plan that covers a three-year period from 2022 to 2025. It integrates our statutory duties in relation to race, disability, religion or belief, sexual orientation, age, gender and promoting community cohesion. The duties cover staff, pupils and people using the services of the school, such as parents. It includes all the protected characteristics covered under the Equality Act 2010 as well as other aspects which have the potential to discriminate against or to devalue any individuals within our community (see Appendix A).

Our Equality and Diversity Scheme and Action Plan enables us to achieve a framework for action which covers all six equality strands and ensures that we meet our responsibilities of the public sector duties in an inclusive way.

2. Mission statement

At Mulberry Wood Wharf Primary, we are committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers receiving services from the school, irrespective of race, gender, age, disability, faith or socio-economic background. We believe that all children should be prepared for life in a multicultural and diverse society, and we promote positive attitudes and interaction between all people. All children are encouraged to understand, respect and value the differing cultural and religious backgrounds of the school community. They are also encouraged to accept each other's abilities, disabilities and special needs.

Staff members have high expectations of all children irrespective of race, gender, faith, social background and disability. The achievement of pupils will be monitored by race, gender and disability and we will use this data to support pupils, raise standards and ensure inclusive teaching. We will not tolerate any form of prejudice. Any incident of discrimination is openly and quickly investigated. We have clear procedures for dealing with such incidents.

At Mulberry Wood Wharf Primary, we believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here. Treating people equally

does not necessarily involve treating them all the same and we always take account of differences of life-experience, outlook and background.

We aim to create a supportive and inclusive learning and working environment in which all individuals are able to make best use of their skills, free from discrimination or harassment, and in which all decisions are based on merit and need.

All staff members have a duty to act in accordance with this policy and treat pupils, colleagues and other members of the school community with dignity at all times, and not to discriminate against or harass other members of staff, regardless of their status. We also have a separate anti-bullying policy.

3. The School Values

Community – Kindness – Being Active – Resilience – Creativity - Respect

The school will grow and develop the school values and place them at the heart of its work so that children understand how to use their understanding of themselves to reflect on decisions and choices they must make. We will teach children to become independent enquirers so that they are motivated to read for information in the classroom and beyond and are able to have greater control over what and how they are learning. With the increased focus on the PHSE curriculum, we believe that children's wellbeing is at the heart of the school and will enable our pupils to be effective learners and keep themselves safe.

4. Mainstreaming equality into policy and practice

As well as the specific actions set out beneath this plan, the school operates equality of opportunity in its day-to-day practice in the following ways.

Teaching and learning

We aim to provide all our pupils with the opportunity to succeed, and to reach the highest level of personal achievement. To do this, we will:

- Use contextual data to improve the ways in which we provide support to individuals and groups of pupils.
- Monitor achievement data by ethnicity, gender disability, and socio-economic circumstances and action any gaps;
- Take account of the achievement of all pupils when planning for future learning and setting challenging targets;
- Ensure equality of access for all pupils and prepare them for life in a diverse society; · Use materials that reflect the diversity of the school, population and local community in terms of race, gender, age and disability, without stereotyping;
- Promote attitudes and values that will challenge racist and other discriminatory behaviour or prejudice;
- Provide opportunities for pupils to appreciate their own cultures and celebrate the diversity of other cultures;
- Seek to involve all parents in supporting their child's education;
- Encourage classroom and staffroom discussion of equality issues which reflect on social stereotypes, expectations and the impact on learning;
- Include teaching and classroom-based approaches appropriate for the whole school population, which are inclusive and reflective of our pupils.

Admissions and exclusions

Tower Hamlets' admissions arrangements are fair and transparent and are anti-discriminatory.

Exclusions are only used as a last resort, when all other strategies have been exhausted, and all cases are considered individually. We closely monitor exclusions to avoid any potential adverse impact and ensure any discrepancies are identified and dealt with.

5. Equal Opportunities for Staff

This section deals with aspects of equal opportunities relating to staff at Mulberry Wood Wharf Primary.

We are committed to ensuring equality of opportunity in our recruitment processes and all other aspects of staffing and employment. All staff appointments and promotions are made on the basis of merit and ability and the stated Job Description and Person Specification, and in compliance with the law.

We are committed to developing the workplace skills of all members of staff in a climate of mutual respect and personal responsibility.

Employer duties

As an employer we need to ensure that we eliminate discrimination and harassment in our employment practice and actively promote equality across all groups within our workforce.

All posts for teaching and support staff jobs are advertised and we welcome applicants from a wide range of backgrounds. Any member of staff involved in recruitment will make decisions free of discrimination and are aware of their duties regarding race, disability, religion or belief, sexual orientation, gender re-assignment, age, gender, pregnancy and maternity/paternity, marriage/civil partnership and socio-economic factors.

All members of staff involved in managing others are made aware of their responsibilities in promoting equality of opportunity.

Actions to ensure this commitment is met include:

- Monitoring recruitment and retention
- Performance management for all staff, entitling them to continued professional development opportunities which are closely linked to the SDP;
- Gathering sufficient information to enable us to ensure that any pay decisions made are free from discrimination;
- Aiming to create a positive working culture for pregnant staff and those with family responsibilities;
- Senior Leadership Team and Middle Leadership Team coaching to ensure equality of opportunity for all.

If flexible working is requested by a member of staff, the leadership team will consider this request in the context of the impact on the effectiveness of the school and the service offered. If a member of staff with 26 weeks' continuous service has a child or cares for a child under the age of 17 (or a child under 18 who is registered disabled) then the Employment Rights

Act 1996 (amended 2003, 2007 and 2009) applies. The Head teacher and the Governing Body monitor decisions relating to all requests for flexible working.

We also have a trust Equality and Diversity Policy for School Staff which should be read in conjunction with this policy.

6. Equality and the law

There are a number of statutory duties that must be met by every school in line with legislation the Equality Act 2010.

The action plan at the end of this Equality Plan outlines the actions Mulberry Wood Wharf Primary will take to meet the general duties detailed below.

The Equality Act 2010 replaced all previous equality legislation such as the Race Relations Act, Disability Discrimination Act and Sex Discrimination Act. The Equality Act 2010 provides a single, consolidated source of discrimination law, covering all the types of discrimination that are unlawful. It simplifies the law by removing anomalies and inconsistencies that had developed over time in the existing legislation, and it extends the protection from discrimination in certain areas.

Schools cannot unlawfully discriminate against pupils because of their sex, race, disability, religion or belief and sexual orientation and we do not discriminate against staff, pupils or visitors to the school on the grounds of age; race; sex; disability; sexual orientation; gender reassignment; marriage and civil partnership; pregnancy and maternity; religion, faith or belief.

7. Consultation and involvement

It is a requirement that the development of this plan and the actions within it have been informed by the input of staff, pupils and parents and carers. We have achieved this by using the following to shape the plan:

- Feedback from the annual parent questionnaire, parent surveys, parents' evening, Parent's Voice or governors' parent-consultation meeting;
- Input from staff surveys or through staff meetings / INSET;
- Feedback from the school council, PSHE lessons, and pupil surveys;
- Issues raised in annual reviews or reviews of progress on Individual Education Plans, mentoring and support;
- Feedback at governing body meetings.

8. Roles and Responsibilities

The role of governors

The governing body is responsible for ensuring that the school complies with legislation, and that this policy and its related procedures and strategies are implemented. The Governing Body has set out its commitment to equal opportunities in this plan, and all other policies, procedures and practice, and it will continue to do all it can to ensure that the school is fully

inclusive to all pupils.

The Governing Body seeks to ensure that all appointments are made on the basis of merit and ability, in relation to the Job Description and Person Specification.

The governors take all reasonable steps to ensure that the school environment gives access to people with disabilities, and also strive to make school communications as inclusive as possible for parents, carers and pupils.

The governors welcome all applications to join the school, whatever a child's socio-economic background, family context, race, gender, special educational needs or disability.

The role of the Head teacher

It is the Head teacher's role to implement the school's Equality Policy and Plan and she is supported by the Governing Body in doing so.

It is the Head teacher's role to ensure that all staff are aware of the Equality Policy and Plan and apply these guidelines fairly in all situations.

The Head teacher ensures that all staff are aware of their responsibilities and are given appropriate training and support.

The Head teacher ensures that all appointment panels give due regard to this policy plan, so that no-one is discriminated against when it comes to employment or training opportunities.

The Head teacher promotes the principle of equal opportunity when developing the curriculum and promotes respect for other people and equal opportunities to participate in all aspects of school life.

The Head teacher treats all incidents of unfair treatment and any incidents of bullying or discrimination, including racist incidents, with due seriousness.

The Head teacher will provide an incident report to the governing body on a termly basis.

The role of all staff: teaching and support staff

All staff will promote an inclusive and collaborative ethos in their classroom and throughout the school. They ensure that all pupils are treated fairly, equally and with respect, and will maintain awareness of the school's Equality Policy and Plan.

All staff will strive to provide material that gives positive images based on race, gender and disability, and challenges stereotypical images.

Teachers will provide numerous opportunities within and outside of the curriculum to ensure that all learners understand diversity from many different perspectives. All staff will challenge any incidents of discriminatory behaviour, and record any serious incidents,

drawing them to the attention of the Head teacher.

Teachers support the work of support staff and encourage them to intervene in a positive way against any discriminatory incidents. All staff will support and ensure curriculum access for pupils in their class for whom English is an additional language, for those who are new arrivals and for pupils who have additional needs.

9. Tackling discrimination

Harassment in relation to race, disability, religion or belief, sexual orientation, gender reassignment, age, gender, pregnancy and maternity/paternity, marriage/civil partnership and socio-economic factors is unacceptable and is not tolerated within the school environment.

All staff are expected to deal with any discriminatory incidents that may occur. They are expected to know how to identify and challenge prejudice and stereotyping; and to support the full range of diverse needs according to a pupil's individual circumstances.

Discriminatory incidents are dealt with by the member of staff present, who calls on the support of someone from the Senior Leadership Team, where necessary. All incidents are submitted to the Local Authority and reported to the Head teacher as they occur, and the Head teacher reports to the Governing Body on a termly basis.

What is a discriminatory incident?

Harassment can take many forms including verbal or physical abuse, name calling, exclusion from groups and games, unwanted looks or comments, jokes and graffiti.

The Stephen Lawrence Inquiry Report (1999) defines racism as:

'Conduct of words which advantage or disadvantage people because of their colour, culture or ethnic origin. In its more subtle form, it is as damaging as in its more overt form'.

Institutional racism is:

'The collective failure of an organisation to provide an appropriate and professional service to people because of their colour, culture or ethnic origin. It can be seen or detected in processes, attitudes and behaviour which amount to discrimination through unwitting prejudice, ignorance, thoughtlessness and racist stereotyping which disadvantage minority ethnic people.'

A racist incident is:

'Any incident which is perceived to be racist by the victim or any other person'.

These definitions can be applied to other forms of harassment.

Types of discriminatory incident

Types of discriminatory incidents that can occur are:

- Physical assault against a person or group;
- Use of derogatory names, insults and jokes;
- Discriminatory graffiti;
- Provocative behaviour such as wearing discriminatory badges or insignia; · Bringing

- discriminatory material into school;
- Verbal abuse and threats (direct or indirect);
- Incitement of others to discriminate or bully;
- Discriminatory comments in the course of discussion;
- The use of discriminatory language;
- Attempts to recruit others to discriminatory organisations and groups;
- Ridicule of an individual for difference;
- Refusal to co-operate with other people on grounds of race, gender, age, socio-economic circumstances, disability or sexual orientation.

Responding to and reporting incidents

At Mulberry Wood Wharf we have clear procedures to ensure that all discrimination and harassment is dealt with promptly, firmly and consistently. All staff, teaching and support, should view dealing with incidents as vital to the well-being of the whole school.

All discriminatory incidents must be reported immediately by recording and submitting them, using the Tower Hamlets incident form, and taking appropriate action, including discussing them with a member of the Senior Leadership Team. The incident forms are filed, and the number and nature of incidents reported:

- Immediately to the Trust Board, and
- Termly to the governors via a report to the standards committee.

Names are not recorded on the form when it is returned to the trust and are not reported to the Governing Body but should be added to the form before it is filed. Forms are filed in a folder in the Deputy Head teacher's office and are not placed in individual files.

When an incident involves children, the following action is taken:

- Discussion with perpetrator/s and victim/s.
- Discussion with parents/carers of perpetrator/s and victim/s.
- Decision about severity of the incident and action to be taken, such as an apology, restorative work between those involved and/or the need to address issues with a wider audience (in a class or phase/key stage assembly).
- Consequences may include sanctions such as exclusion from the class or playground for a fixed period of time.

When an incident involves member/s of staff the following action is taken:

- Discussion with perpetrator/s and victim/s.
- Consideration of use of the school's disciplinary procedure.

When an incident involves member/s of the wider school community (parents or visitors to the school) the following action is taken:

- Discussion with perpetrator/s and victim/s.
- Consideration of banning from the school premises and/or referral to the police

If pupils or parents report incidents outside the school, it may be appropriate to involve external agencies that provide help and advice. We will make available the contact details for reporting hate crimes and encourage and support use of these.

How do we support victims?

As with bullying, the victim may be fearful of the consequences of reporting a discriminatory incident. Victims must know that they will be listened to and have confidence in the way the school deals with these incidents.

- Victims will need an opportunity to express their own feelings and concerns to an appropriate member of staff.
- Victims may need some time away from the perpetrator.
- The victim will be consulted before any discussion/apology or restorative work between victim and perpetrator is undertaken.
- The victim's parents will be informed (where it is a child).

How do we deal with perpetrators?

All procedures should be carried out with the aim of not only correcting and holding the perpetrator to account, but also of demonstrating support to the victim/s. When dealing with perpetrator/s it is important to note that their discriminatory behaviour may reflect their own low self-esteem. We are clear that a discriminatory incident, particularly by a child, does not mean that a person is prejudiced. We are committed to our responsibility in educating all members of the community about equalities as this is how change is affected.

When an incident involves a pupil, the following action is taken:

- Explain to the perpetrator/s why the behaviour is wrong and the consequences that will be given.
- Explain the school's view of such behaviour.
- Inform parents/carers of what has happened.
- Work with the perpetrator/s to apologise and to begin to repair the relationship with the victim/s.
- In the case of discriminatory graffiti, the perpetrator/s maybe asked to spend playtime removing it.
- In extreme cases, internal or fixed term exclusion may be used.

When an incident involves member/s of staff, the following action is taken:

- Discussion with perpetrator/s and victim/s.
- Consideration of use of the school's disciplinary procedure.

When an incident involves member/s of the wider school community (eg parents or visitors to the school), the following action is taken:

- Discussion with perpetrator/s and victim/s.
- Consideration of referral to the police.

10. Review of progress and impact

The Plan has been agreed by our Governing Body. We have a rolling programme for reviewing our school policies and their impact. In line with legislative requirements, we will review progress against our Equality Policy and Plan annually and review the entire plan and accompanying action plan on a three-year cycle.

We make regular assessments of pupils' learning and use this information to track pupil progress. As part of this process, we regularly monitor achievement by ethnicity, gender, SEN, Free School Meals, Pupil Premium and disability to ensure that all groups of pupils are making the best possible progress, and take appropriate action to address any gaps.

10. Publishing the plan

In order to meet the statutory requirement, we will:

- Publish our plan on the school website;
- Raise awareness of the plan through the school newsletter, assemblies, staff meetings and other communications;
- Make sure hard copies are available.
