

Jigsaw PSHE 3-11 progression map

This provision map has been edited in line with the RHE policy for Mulberry Wood Wharf Primary.

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the DfE statutory Relationships and Health Education outcomes have been made in each Puzzle.

INTENT: Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation.

IMPLEMENTATION: Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.

IMPACT: This can be established through assessment identified in the key learning.

Puzzle	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
overview Celebrating Difference	In this Puzzle (unit), children are encouraged to think about things that they are good at whilst understanding that everyone is good at different things. They discuss being different and how that makes everyone special but also recognise that we are the same in some ways. The children share their experiences of their homes and are asked to explain why it is special to them. They learn about friendship and how to be a kind friend and how to stand up for themselves if someone says or does something unkind to them.	In this Puzzle (unit), the children explore the similarities and differences between people and how these make us unique and special. The children learn what bullying is and what it isn't. They talk about how it might feel to be bullied and when and who to ask for help. The children discuss friendship, how to make friends and that it is OK to have differences/be different from their friends. The children also discuss being nice to and looking after other children who might be being bullied.	In this Puzzle (unit), the children learn about recognise gender stereotypes, that boys and girls can have differences and similarities and that is OK. They explore how children can be bullied because they are different, that this shouldn't happen and how they can support a classmate who is being bullied. The children share feelings associated with bullying and how and where to get help. They explore similarities and differences and that it is OK for friends to have differences without it affecting their friendship.	In this Puzzle (unit), the children learn about families, that they are all different and that sometimes they fall out with each other. The children practise methods to calm themselves down and discuss the 'Solve it together' technique. The children revisit the topic of bullying and discuss being a witness (bystander); they discover how a witness has choices and how these choices can affect the bullying that is taking place. The children also talk about using problem- solving techniques in bullying situations. They discuss name- calling and practise choosing not to use hurtful words. They also learn about giving and receiving compliments and the feelings associated with this.	In this Puzzle (unit), the children consider the concept of judging people by their appearance, of first impressions and of what influences their thinking on what is normal. They explore more about bullying, including online bullying and what to do if they suspect or know that it is taking place. They discuss the pressures of being a witness and why some people choose to join in or choose to not tell anyone about what they have seen. The children share their own uniqueness and what is special about themselves. They talk about first impressions and when their own first impressions of someone have changed.	In this Puzzle (unit), the children explore culture and cultural differences. They link this to racism, debating what it is and how to be aware of their own feelings towards people from different cultures. They revisit the topic of bullying and discuss rumour spreading and name- calling. The children learn that there are direct and indirect ways of bullying as well as ways to encourage children to not using bullying behaviours. The children consider happiness regardless of material wealth and respecting other people's cultures.	In this Puzzle (unit), the children discuss differences and similarities and that, for some people, being different is difficult. The children learn about bullying and how people can have power over others in a group. They discover strategies for dealing with this as well as wider bullying issues. The children learn about people with disabilities and look at specific examples of disabled people who have amazing lives and achievements.

Taught knowledge	Know what being unique means	Know what bullying means	 Know the difference between a one-off incident and bullying 	 Know what it means to be a witness to bullying and that a witness can 	 Know that some forms of bullying are harder to identify e.g. tactical 	• Know ex support e.g. Child
-	_		between a one-off	be a witness to bullying	of bullying are harder	support
	 Know different ways of making friends Know different ways to stand up for myself 					

- external forms of ort in regard to bullying hildline
- that bullying can be and indirect
- what racism is and is unacceptable
- what culture means
- that differences in re can sometimes be a e of conflict
- that rumourding is a form of ng online and offline
- how their life is ent from the lives of en in the developing

- Know that people can hold power over others individually or in a group
- Know that power can play a part in a bullying or conflict situation
- Know that there are different perceptions of 'being normal' and where these might come from
- Know that difference can be a source of celebration as well as conflict
- Know that being different could affect someone's life
- Know why some people choose to bully others
- Know that people with disabilities can lead amazing lives

Puzzle	EYFS	Year 1	Year 2	Year 3	Year 4	Yea
overview Celebrating Difference	In this Puzzle, the children consider challenges and facing up to them. They discuss not giving up and trying until they have achieved their goal. The children are encouraged to think about jobs that they might like to have when they are older and are taught to associate what they learn now with being able to have the job they want. They also talk about achieving goals and the feelings linked to this.	In this Puzzle, the children talk about setting simple goals, how to achieve them as well as overcoming difficulties when they try. The children learn to recognise the feelings associated with facing obstacles to achieving their goals as well as when they achieve them. They discuss partner working and how to do this well.	In this Puzzle, the children explore setting realistic goals and how they can achieve them. They discuss perseverance when they find things difficult as well as recognising their strengths as a learner. The children consider group work and reflect on with whom they work well and with whom they don't. They also reflect on sharing success with other people.	In this Puzzle, the children look at examples of people who have overcome challenges to achieve success and discuss what they can learn from these stories. The children identify their own dreams and ambitions and discuss how it will feel when they achieve them. They discuss facing learning challenges and identify their own strategies for overcoming these. The children consider obstacles that might stop them from achieving their goals and how to overcome these. They reflect on their progress and successes and identify what they could do better next time.	In this Puzzle, the children consider their hopes and dreams. They discuss how it feels when dreams don't come true and how to cope with/overcome feelings of disappointment. The children discuss making new plans and setting new goals even if they have been disappointed. The class explore group work and overcoming challenges together. They reflect on their successes and the feelings associated with overcoming a challenge.	In this Puzzle, the cl their dreams and go might need money achieve them. They that people they kn at the fact that som money than others what types of jobs t do when they are o look as the similarit differences betwee (and their dreams a someone from a dif

Year 6

In this Puzzle, the children share their own strengths and further stretching themselves by setting challenging and realistic goals. They discuss the learning steps they will need to take as well as talking about how to stay motivated. The children reflect on various global issues and explore places where people may be suffering or living in difficult situations; whilst doing this, they reflect on their own emotions linked to this learning. The children also discover what they think their classmates like and admire about them, as well as working on giving others praise and compliments.

Taught	Know what a	Know how to set	Know how to choose a	Know that they are	• Know how to make a	• Know about a range of jobs
knowledge	challenge isKnow that it is	simple goals	realistic goal and think about how to achieve it	responsible for their own learning	new plan and set new goals even if they have been disappointed	that are carried out by people I know
(Key objectives are in bold)	 Know that it is important to keep trying Know what a goal is 	Know how to achieve a goalKnow how to identify	• Know that it is important to persevere	• Know what an obstacle is and how they can hinder achievement	 Know how to work as part of a successful group 	 Know the types of job they might like to do when they are older
	• Know how to set goals and work towards them	obstacles which make achieving their goals difficult and work out how to overcome them	Know how to recognise what working together well looks like	 Know how to take steps to overcome obstacles 	 Know how to share in the success of a group 	 Know that young people from different cultures may have different dreams and goals
	Know which words are kindKnow some jobs that	 Know when a goal has been achieved 	Know what good group- working looks likeKnow how to share	• Know what dreams and ambitions are important to them	• Know what their own hopes and dreams are	 Know that they will need money to help them to achieve some of their
	 they might like to do when they are older Know that they must work hard now in 	 Know how to work well with a partner Know that tackling a 	success with other people	 Know about specific people who have overcome difficult 	 Know that hopes and dreams don't always come true 	 dreams Know that different jobs pay more money than others
	order to be able to achieve the job they want when they are older	challenge can stretch their learning		challenges to achieve successKnow how they can	 Know that reflecting on positive and happy experiences can help them to counteract 	 Know that communicating with someone from a
	 Know when they have achieved a goal 			best overcome learning challenges	 Know how to work out 	different culture means that they can learn from them and vice versa
				 Know what their own strengths are as a learner 	the steps they need to take to achieve a goal	 Know ways that they can support young people in their own culture and
				 Know how to evaluate their own learning progress and identify how it can be better next time 		abroad

- Know their own learning strengths
- Know what their classmates like and admire about them
- Know a variety of problems that the world is facing
- Know some ways in which they could work with others to make the world a better place
- Know what the learning steps are they need to take to achieve their goal
- Know how to set realistic and challenging goals

Social and Emotional skills (Key objectives are in bold)	 Understand that challenges can be difficult Resilience Recognise some of the feelings linked to perseverance Recognise how kind words can encourage people Talk about a time that they kept on trying and achieved a goal Be ambitious Feel proud Celebrate success 	 Recognise things that they do well Explain how they learn best Recognise their own feelings when faced with a challenge/obstacle Recognise how they feel when they overcome a challenge/obstacle Celebrate an achievement with a friend Can store feelings of success so that they can be used in the future 	 Recognise how working with others can be helpful Be able to work effectively with a partner Be able to choose a partner with whom they work well Be able to work as part of a group Be able to describe their own achievements and the feelings linked to this Recognise their own strengths as a learner Recognise how it feels to be part of a group that succeeds and store this feeling 	 Can break down a goal into small steps Can manage feelings of frustration linked to facing obstacles Imagine how it will feel when they achieve their dream/ambition Recognise other people's achievements in overcoming difficulties Recognise how other people can help them to achieve their goals Can share their success with others Can store feelings of success (in their internal treasure chest) to be used at another time 	 Have a positive attitude Can identify the feeling of disappointment Be able to cope with disappointment Can identify what resilience is Can identify a time when they have felt disappointed Can talk about their hopes and dreams and the feelings associated with these Help others to cope with disappointment Enjoy being part of a group challenge Can share their success with others Can store feelings of success (in their internal treasure chest) to be used at another time 	 Verbalise what they would like their life to be like when they are grown up Appreciate the contributions made by people in different jobs Reflect on the differences between their own learning goals and those of someone from a different culture Appreciate the differences between themselves and someone from a different culture Understand why they are motivated to make a positive contribution to supporting others Appreciate the opportunities learning and education can give them 	 Understand why it is important to stretch the boundaries of their current learning Be able to give praise and compliments to other people when they recognise that person's achievements Empathise with people who are suffering or living in difficult situations Set success criteria so that they know when they have achieved their goal Recognise the emotions they experience when they consider people in the world who are suffering or living in difficult circumstances

about the importance and ways this can be important in an as well as offline, as can be damaged by parison with others. a series of lessons children to investigate on a variety of positive nline/social media ling gaming and social ey learn about ageage-appropriateness. ssons, children are ARRT internet safety apply these in ions. Risk, pressure are revisited with a nysical and emotional tifying when ne or in social media table or unsafe. ught about grooming e online can pretend they want. Rights, and respect are an angle on technology

Year 6

In this Puzzle, the children learn more about mental health and how to take care of their own mental well-being. They explore the grief cycle and its various stages, and discuss the different causes of grief and loss. The children learn about people who can try to control them or have power over them. They investigate online safety, learning how to judge if something is safe and helpful, as well as talking about communicating with friends and family in a positive and safe way.

			learn about people who can help them if they are worried or scared.	connected to others they don't know in many ways, e.g. through global trade. They investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.	relationship endings can be amicable.	use. Screen time is also discussed and children find ways to reduce their own screen time. This Puzzle aims to help children to be more discerning when viewing anything online or on social media.	
Taught knowledge (Key objectives are in bold)	 Know what a family is Know that different people in a family have different responsibilities (jobs) Know some of the characteristics of healthy and safe friendships Know that friends sometimes fall out Know some ways to mend a friendship Know that unkind words can never be taken back and they can hurt Know how to use Jigsaw's Calm Me to help when feeling angry Know some reasons why others get angry 	 Know that everyone's family is different Know that families are founded on belonging, love and care Know that physical contact can be used as a greeting Know how to make a friend Know who to ask for help in the school community Know that there are lots of different types of families Know the characteristics of healthy and safe friends Know about the different people in the school community and how they help 	 Know that there are lots of forms of physical contact within a family Know how to stay stop if someone is hurting them Know there are good secrets and worry secrets and why it is important to share worry secrets Know what trust is Know that everyone's family is different Know that families function well when there is trust, respect, care, love and co-operation Know some reasons why friends have conflicts Know that friendships have ups and downs and sometimes change with time Know how to use the Mending Friendships or Solve it together problem-solving methods 	 Know that different family members carry out different roles or have different responsibilities within the family Know some of the skills of friendship, e.g. taking turns, being a good listener Know some strategies for keeping themselves safe online Know that they and all children have rights (UNCRC) Know that gender stereotypes can be unfair, e.g. Mum is always the carer, Dad always goes to work etc Know how some of the actions and work of people around the world help and influence my life Know the lives of children around the world can be different from their own 	 Know some reasons why people feel jealousy Know that loss is a normal part of relationships Know that negative feelings are a normal part of loss Know that sometimes it is better for a friendship/relationship to end if it is causing negative feelings or is unsafe Know that jealousy can be damaging to relationships Know that memories can support us when we lose a special person or animal 	 Know that there are rights and responsibilities in an online community or social network Know that there are rights and responsibilities when playing a game online Know that too much screen time isn't healthy Know how to stay safe when using technology to communicate with friends Know that a personality is made up of many different characteristics, qualities and attributes Know that belonging to an online community can have positive and negative consequences 	 Know that it is important to take care of their own mental health Know ways that they can take care of their own mental health Know the stages of grief and that there are different types of loss that cause people to grieve Know that sometimes people can try to gain power or control them Know some of the dangers of being 'online' Know how to use technology safely and positively to communicate with their friends and family

Children look at ng a teenager means for increase in freedom, ponsibilities. They also perceptions that nagers and reflect are always accurate, are always moody; all /e a friend, etc.

In this Puzzle, the children learn about puberty in boys and girls and the changes that will happen; they reflect on how they feel about these changes. The children also learn about childbirth and the stages of development of a baby, starting at conception. They explore what it means to be being physically attracted to someone and the effect this can have upon the relationship. They learn about different relationships and the importance of mutual respect and not pressuring/being pressured into doing something that they don't want to. The children also learn about self-esteem, why it is important and ways to develop it. Finally, they look at the transition to secondary school (or next class) and what they are looking forward to/are worried about and how they can prepare themselves mentally.

Taught knowledge (Key objectives are in bold)	 Know the names and functions of some parts of the body (see vocabulary list) Know that we grow from baby to adult Know who to talk to if they are feeling worried Know that sharing how they feel can help solve a worry Know that remembering happy times can help us move on 	 Know the names of male and female private body parts Know that there are correct names for private body parts and nicknames, and when to use them Know which parts of the body are private and that they belong to that person and that nobody has the right to hurt these Know who to ask for help if they are worried or frightened Know that animals including humans have a life cycle Know that changes happen when we grow up Know that people grow up at different rates and that is normal Know that learning brings about change 	 Know the physical differences between male and female bodies Know that private body parts are special and that no one has the right to hurt these Know who to ask for help if they are worried or frightened Know there are different types of touch and that some are acceptable and some are unacceptable Know the correct names for private body parts Know that life cycles exist in nature Know that aging is a natural process including old age Know that some changes are out of an individual's control Know how their bodies have changed from when they were a baby and that they will continue to change as they age 	 Know that the male and female body needs to change at puberty so their bodies can make babies when they are adults Know some of the outside body changes that happen during puberty Know some of the changes on the inside that happen during puberty Know that in animals and humans lots of changes happen between conception and growing up Know that in nature it is usually the female that carries the baby Know that in humans a mother carries the baby in her uterus (womb) and this is where it develops Know that babies need love and care from their parents/carers Know some of the changes that happen between being a baby and a child 	 Know that personal characteristics are inherited from birth parents Know that babies are made by a sperm joining with an ovum Know the names of the different internal and external body parts that are needed to make a baby Know how the female and male body change at puberty Know that change can bring about a range of different emotions Know that personal hygiene is important during puberty and as an adult Know that change is a normal part of life and that some cannot be controlled and have to be accepted 	 Know how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally Know that becoming a teenager involves various changes and also brings growing responsibility Know what perception means and that perceptions can be right or wrong 	 Know how girls' and boys' bodies change during puberty and understand the importance of looking after themselves physically and emotionally Know how a baby develops from conception through the nine months of pregnancy and how it is born Know the importance of self-esteem and what they can do to develop it Know what they are looking forward to and what they are worried about when thinking about transition to secondary school/moving to their next class
Social and Emotional skills (Key objectives are in bold)	 Recognise that changing class can elicit happy and/or sad emotions Can say how they feel about changing class/ growing up Can identify how they have changed from a baby Can say what might change for them they 	 Understand and accept that change is a natural part of getting older Can suggest ways to manage change, e.g. moving to a new class Can identify some things that have changed and some things that have stayed the same since being a baby (including the body) 	 Can say who they would go to for help if worried or scared Can say what types of touch they find comfortable/uncomforta ble Be able to confidently ask someone to stop if they are being hurt or frightened 	 Can express how they feel about puberty Can say who they can talk to about puberty if they have any worries Can suggest ways to help them manage feelings during changes they are more anxious about 	 Can appreciate their own uniqueness and that of others Can express any concerns they have about puberty Have strategies for managing the emotions relating to change 	 Can celebrate what they like about their own and others' self-image and body image Can suggest ways to boost self-esteem of self and others Recognise that puberty is a natural process that happens to everybody and that it will be OK for them 	 Recognise ways they can develop their own selfesteem Can express how they feel about the changes that will happen to them during puberty Recognise how they feel when they reflect on the development and birth of a baby

	get older • Can identify positive memories from the past year in school/home	Can express why they enjoy learning	 Can appreciate that changes will happen and that some can be controlled and others not Be able to express how they feel about changes Show appreciation for people who are older Can recognise the independence and responsibilities they have now compared to being a baby or toddler Can say what greater responsibilities and freedoms they may have in the future Can say what they are looking forward to in the next year 	 Can identify stereotypical family roles and challenge these ideas, e.g. it may not always be Mum who does the laundry Can express how they feel about babies Can describe the emotions that a new baby can bring to a family Can identify changes they are looking forward to in the next year 	 Can express how they feel about having children when they are grown up Can say who they can talk to about puberty if they are worried Can apply the circle of change model to themselves to have strategies for managing change 	 Can ask questions about puberty to seek clarification Can express how they feel about having children when they are an adult Can express how they feel about becoming a teenager Can say who they can talk to if concerned about puberty or becoming a teenager/adult 	 Can celebrate what they like about their own and others' self-image and body image Use strategies to prepare themselves emotionally for the transition (changes) to secondary school

SMSC Links: Every Jigsaw lesson from Early Years to upper primary offers opportunities for children's spiritual, moral, social and cultural (SMSC) development, and this is clearly mapped and balanced across each year group. Likewise, Jigsaw is designed to provide structured opportunities in every lesson to practise and enhance the five skills associated with the emotional literacy (self-awareness, social skills, empathy, motivation and managing feelings). At Jigsaw, we believe that these opportunities are vital for children's development, their understanding of themselves and others and in increasing their capacity to learn.

British Values: Jigsaw PSHE 3-11 supports the British Values of Democracy, Rule of Law, Individual Liberty, Mutual Respect and Tolerance of those of different faiths and beliefs. It has been mapped lesson by lesson against the British Values agenda.
